

OLDMUTUAL

OLD MUTUAL INTERNATIONAL (OMI) INVESTMENT PORTFOLIO+ (IP+) FUND LIST

April 2025

THIS GUIDE INTRODUCES AND EXPLAINS OUR INVESTMENT PROPOSITION AND HOW YOU CAN IDENTIFY THE BEST SOLUTION FOR EACH OF YOUR CLIENTS WHICH SUPPORTS THEIR FINANCIAL PLAN.

INTERNATIONAL

KEY TO OMI INVESTMENT PORTFOLIO+ (IP+) FUND LIST

THE KEY PROVIDES AN EXPLANATION FOR THE HEADINGS ON THE IP+ FUND LIST.

FUND CODE

The system code required to identify that the client has selected the correct corresponding fund.

FUND NAME

The name by which the fund is known within Investment Portfolio+. The fund name also states the currency of the fund in which the price is calculated.

INVESTMENT MANAGER

This is the name of Fund Management Company of the fund and/of the underlying fund.

ASSET CLASS

The asset class into which the fund invests.

RISK RATING

The risk rating refers to the volatility of the returns of the fund over the last five years.

Standard deviation is a common measure used to demonstrate a fund's volatility, which indicates the tendency of the returns of a fund to rise or fall over a period of time. The standard deviation measures the degree to which the fund fluctuates in relation to its average return over a period of time.

A low standard deviation indicates that the fund's fluctuation is close to the average whereas high standard deviation indicates that the fluctuation is more widely spread out from the average.

The standard deviation of the fund over the last five years is calculated using past returns history. Where a fund hasn't been in existence on the fund range long enough to generate the required five year history of returns, we have used the standard deviation of the available returns of the fund, along with the standard deviation of the available returns of a suitable sector benchmark for the remaining time period.

This standard deviation figure is then assigned to a relevant volatility interval. The volatility intervals have then each been allocated a risk rating from 1 to 5 as shown below, with 1 being low and 5 being high.

VOLATILITY	RISK RATING
5 or less	1
5 – 10	2
10 – 15	3
15 – 20	4
20 or more	5

PRODUCT PLATFORM FEE

The Product Platform Fee is a specific fee paid to Old Mutual Isle of Man branch, the amount of the fee may vary depending whether your clients selects an Investment Portfolio+ Core Fund, or a Self Select Fund. It is an additional annual fee payable against the Fund Value of the Assets at the previous Quarterly Date or Contribution amount. Please refer to the Investment Portfolio+ General Conditions.

FUND AMC %

This Fund Annual Management Charge is the Fund Manager's underlying fund fee and is not and Old Mutual charge. Old Mutual International as a platform negotiates for share classes with lower Fund AMC which is typically much lower than Retail Investors may have access to.

PERFORMANCE

Performance-defined fees levied on the underlying fund. They are generally only taken when the underlying fund meets certain pre-defined performance criteria and are expressed as a percentage of the underlying fund value. These only apply to certain funds.

It is the responsibility of the investor, in conjunction with their financial adviser, to determine the suitability of any fund for their individual circumstances.

Please note that fees and charges can be reviewed and amended at any time in line with the Investment Portfolio+ General Conditions.

PRICING CYCLE (DAILY OR WEEKLY)

Daily priced funds will trade and produce a unit price every day, excluding weekends and fund holidays.

However note that the Price applied to the trade will depend on the Price date for the particular fund i.e. a trade submitted on a particular day may only get the following (or later) day's price.

Weekly priced fund will trade and produce a unit price once per week on a particular weekday, excluding holidays where the fund is domiciled.

PRICE DATE

The Price date refers to the Valuation date which will apply to the trade once it is submitted to OMI Service team before the cut-off at 11am SA time on a business day.

For example: A trade submitted in good order to OMI before 11am SA time on a particular business day ("T") with Price date of T+1, will receive the Price of the Fund on the following business day.

For weekly priced funds, trades submitted 2 days prior to the fund's weekly price date will receive that week's Price for the fund.

There may be other factors that impact the pricing as well – see "Other Factors Impacting Trading."

SETTLEMENT DAYS

Once a trade has priced, the fund will settle the cash for redemptions or the additional units for subscriptions and this will reflect in our accounts after the Fund's specified number of Settlement Days. For example, a fund that settles after 3 business days, means that the settlement will occur 3 business days after the trade was placed.

It may take a further 1– 2 business days for the cash/ additional units to reflect in our trading account and therefore for us to transfer to a client's Policy account. See "Other Factors Impacting Trading."

OTHER FACTORS IMPACTING TRADING

There are many other factors which may affect the Price date and/or the Settlement of the trades that are beyond our control including:

- National holidays in both the domiciled country of the offshore fund and South Africa.
- Any existing financial transactions on a Policy need to complete prior to new trades being sent for trading.
- Foreign exchange transactions can add up to 2 business days (for example switching from a GBP to a USD based fund)
- It can take up to 2 business days for any cash settlement to reflect in our accounts and further 1 – 2 business days to transfer to your account.
- Applying Capital Gains Tax to trades may add 1 – 2 business days.
- Fund managers may change the fund's trading cycle without notifying Old Mutual International or implement corporate actions such as fund suspensions etc.
- Other factors

IP+ FUND LIST

(FUNDS LISTED IN ALPHABETICAL ORDER)

Please note: Pricing Cycle – **Weekly priced** funds are indicated next to the fund name – All other funds are Daily Priced.

PERSONAL RISK

An investor's capacity for risk will depend on their personal circumstances. It is the responsibility of the investor, in conjunction with their financial adviser, to determine the suitability of any fund for their individual circumstances.

ADDITIONAL FUND-SPECIFIC RISK WARNINGS

Additional fund-specific risk warnings, relevant to your investment decision, will be highlighted on individual fund factsheets, where applicable.
